## Sumitomo Metal Mining Recognized on the CDP Climate A List

Sumitomo Metal Mining Co., Ltd. (TSE: 5713) has been recognized on the prestigious CDP Climate A List for its leadership in corporate performance and disclosure transparency on climate change.

CDP is a global non-profit that runs the world's environmental disclosure system. Over 24,000 organizations around the world disclosed data through CDP in 2023, with more than 23,000 companies - including listed companies worth two thirds global market capitalization - and over 1,100 cities, states and regions.

Sumitomo Metal Mining Group formulated a roadmap for achieving carbon neutrality by 2050, including reduction targets for 2030 and specific actions. As a measure to mitigate climate change, the Group aims to reduce absolute greenhouse gas (GHG) emissions and emissions intensity through operational improvements and technological innovation, as well as expanding its business through the development of products contributing to a low-carbon society, such as battery materials and near-infrared absorbing materials.

The Group is striving to actively engage in climate change initiatives and information disclosure, aiming to realize a carbon-neutral society.
